Review On Ren

Did you satisfy your trip?

★★★★★

Feedback:

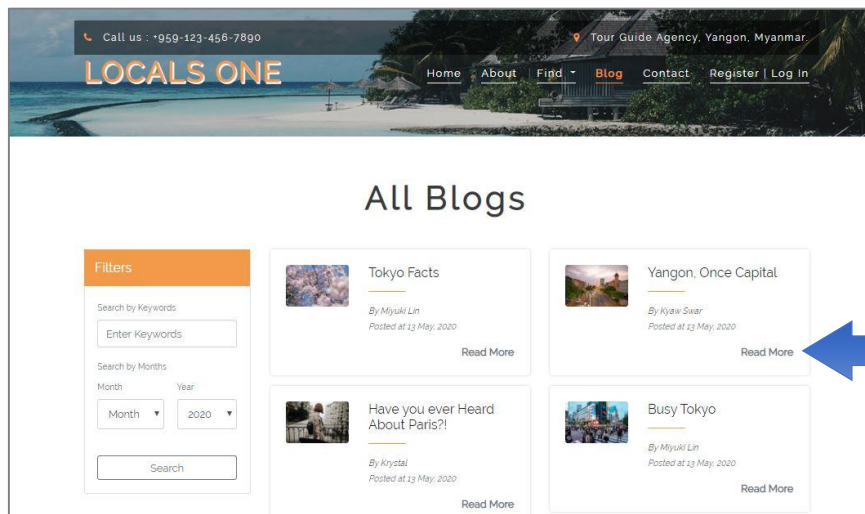

We met Ren on our first day in Kyoto. She provided an introduction to the city, public transportation, and was able to make many recommendations that were great for our family of 5 including our kids at ages 8 to 13. Most of all we enjoyed walking the streets of Tokyo with Ren who was able to tell us about Japan's history, culture and traditions. She answered all of our questions and more. Thank you Ren!
